In Appreciation

After years of unfaltering service, Dr. Hazzard has laid aside his work. He was our teacher; he will always be our friend. We have profited by his rare scholarship and his untiring efforts in our behalf.

ADMINISTRATION

FRANK D.
McCLELLAND, LL. D.

*D*r. McClelland, ever conscious of the College, has added new honors at every opportunity. Conservative, tolerant, devoted to the betterment of the young people of Eastern Kentucky, he has watched over them with understanding and sympathy.

THE FRESHMAN CLASS

The Freshman class met at the beginning of the school year and elected their officers for the year.

FRED DICKERSON	<i>President</i>
MORRIS ARNOLD	<i>Vice-President</i>
CORNELIA STRIBLING	<i>Secretary-Treasurer</i>

Do you recall what happened to the Freshmen, Founders' Week? Just ask one of the Freshmen if your memory is bad. That week the Freshmen were the goats to their upper classmen, namely, the Sophomores. Even the Sophs hand it to the Freshmen for being good sports about their initiation.

The Freshmen had a very successful party at Thanksgiving time in the gym. They are planning a spring party now. They even had a plan up their sleeves to put on a program to earn some money; but members of the class, and even the sponsor, Mr. Hunt, tried to see if they could help matters along by getting sick. As a result of Mr. Hunt's illness, the Freshman class has a new sponsor for the second semester, the big-little man of Pikeville College, Mr. Davis. The enrollment of the class this semester is one hundred fifty-six.

PIKE COUNTY NEWS

FOUNDERS' WEEK, PIKEVILLE COLLEGE ALUMNI ASSOCIATION

OCTOBER 15, 1957

At the meeting of the Pikeville College Alumni Association for its annual round-up at the Chapel of the old building on College Street, those present were delighted by selections from the scrap book of Edward Palmer. Edward, who is a graduate of the Academy class of 1937, has made it a hobby to clip every news item he finds in which mention is made of any graduate of the College. From the huge amount of material he has, we have selected these few items:

Big League Star Crashes Society

Detroit, Mich., April 15, 1946.—That noted baseball star, Stud Johnson, sent a ball through Lady Vanderbilt's car window yesterday while practicing for the opening game next Friday. The lady was much disturbed at the accident, but her anger faded when the handsome hero hastened to offer his apology. We learned that the interview ended with the lady's accepting the player's offer of a box at the game to see him play.

Noted Doctor Honored

Vienna, Austria, August 8, 1950.—The famous W. A. Sullivan, M.D., native of Pike County, Kentucky, U. S. A., flew here from Switzerland today to receive the highest award ever conferred upon a Doctor of Medicine for his contribution to the control of that dread disease of childhood, infantile paralysis. Doctor Sullivan's remedy is now accepted by every medical society in the world.

Opera Star Off "High Horse"

New York City, January 7, 1948.—That popular opera singer, Grace Trivette, who made her Metropolitan debut this season as "Mignon," recently came down off her "high horse" when your correspondent recalled the memory of her school days by the mention of "hot dogs" and pickles. Before the interview had ended, Miss Trivette herself told with a nostalgic sigh of the delicious sandwiches she used to make on afternoon hikes with her school friends in the mountains of old Kentucky.

Women's Clubs Meet

Boston, Massachusetts, February 29, 1956.—Today in Boston is being held the annual meeting of the National Federation of Women's Clubs. The principal speaker for the day is Mrs. Betty Call O'Hara, a widely recognized authority on child psychology. Mrs. O'Hara will speak on the subject, "The Adolescent Girl and Her High School Problems."

Evangelist Establishes New Type of Church

Chicago, Illinois, December 18, 1941.—Walter McNeil, outstanding evangelist and former pupil of Aimee Semple McPherson, has established

a new church which he explains as follows: "I have taken it upon myself to depart from tradition and establish a church only for the 'airy minded.' All persons who find the four walls of a church uncomfortable are asked to meet me on Sunday morning at the open air theater in Bowlby Park."

New Gun for Navy

Washington, D. C., July 6, 1949.—The Secretary of the Navy announced yesterday that the Navy Department will immediately begin manufacture of the efficient rapid fire gun invented by Captain Peyton Hobson, U. S. N. Captain Hobson follows the career of his famous uncle of Spanish War days.

Electrical Shock

Wheeling, W. Va., March 8, 1945.—The President of the Electrical Engineering Association, Mr. James Campbell Wall, Jr., has just discovered a means of bringing persons who have died from electrocution to life again if the operation is applied within forty-eight hours after death. The details of the method are, of course, secret, but it is understood it is a reversal of the current through the body in such a way as to restore life. Another marvel of the discovery is that it renews the youth of the victim by some twenty years.

Musician Honored

Pikeville, Ky., June 22, 1945.—Last night the ballroom of the Waldorf Astoria was the scene of a select party given in honor of George Hames, the composer of the American Opera "Hiawatha," the story of which is based on Longfellow's poem and other Indian legends. The new type of music has been received by critics with extravagant praise.

World's Greatest Dancer Insures Feet

New York City, June 21, 1950.—Miss Eloise (Rene de Loupee) Tyson, the greatest and most versatile dancer in the world, today insured her "tinkling tootsies" for \$1,111,111.11. Her feet have danced her into fame greater than any other person has ever obtained. Much care is taken that Miss Tyson's feet are kept in perfect condition, and it is rumored that huge sums of money are used for that purpose.

JUNIOR CLASS HISTORY—ACADEMY

Junior Class History had its beginning September 11, 1936, when four strangers entered as students in Pikeville College Academy. Although this illustrious quartet was entirely new to the ways and manners of P. C. A., it wasn't long before they were completely adjusted to their new life. That they might complete an organization and plan for the oncoming year, a class meeting was called within a few days after registration. At this initial meeting, which was under the sponsorship of Miss Owens, the officers for the year were elected. For President, the juniors saw fit to elect Arthur Owens; for Vice-President, Douglas Hylton; Dorothy Lee Mordica, the best loved girl in the class, succeeded in capturing the exalted position of Secretary-Treasurer. Douglas Williamson was elected to the task of reporting all Junior news and gossip to the *Record*, while Oliver Elam, as sergeant-at-arms, was voted the man to quell all riots and special upheavals that might occur in the class.

This unique class, composed of students from other high schools, had participants in all the activities of the school. Douglas Hylton, honorable representative from Pike High, held down a position on the Academy Runts, while Oliver Elam, a mid-term arrival from Martin, saw active service with the College Bears. Dorothy Lee Mordica, only girl in the class and trailing from Pike High, Douglas Williamson, formerly of Steele High School, Dayton, Ohio, and Arthur Owens, from Walton, Kentucky, were members of the French Club, Les Portes Flambeaux.

Dorothy Lee Mordica, the shy little thing that gives the impression of a shrinking violet, started her Academy career with a steady, serious courtship with a dignified Senior as her partner. This affair, marred with but a few trivial upsets, lasted until the beginning of the second semester.

Douglas Williamson, considered by all as the best-natured boy in school, has proved to be the old friend in need more than once. His faithfulness has shown itself in the many incidents of everyday school life.

Douglas Hylton, gentleman from Shalbiana, takes the floor with the title of dashing young man in the Chevrolet sedan. With the aid of this trusty vehicle, he has succeeded in wooing many hearts from more deserving young men. But, altogether, Doug is capable of holding his own against any sort of competition, be it fair or else.

Oliver Elam, probably the only boy in the Academy who could justly deserve to be called reserved, entered school at the half-way mark of the school year. His sterling worth was evident from the start; he was always courteous and neat in appearance.

Walton contributed to our class Arthur Owens, the young man with the military stride. As soon as he got his bearing he was up to his old tricks of making glances at the girls. Art was so well liked he was elected President of the class, and has been doing well in that position. Art works hard at his studies, as his grade card shows.

Because the Juniors felt themselves to be far above classes that have gone before, they selected as their class colors green and gold, and made the fact prominent by wearing sweaters of these colors.

LES PORTES FLAMBEAUX

ACADEMY

To belong to Les Portes Flambeaux is the pride of any French student. Year after year the on-coming French classes have been eager to keep and to add to the traditions of the group which began in '29.

The purpose of Les Portes Flambeaux (The Lamp Lighters) is to become better acquainted with the French people, their leaders, their customs, and their philosophy of life. This knowledge is acquired, in a most enjoyable manner, through an international correspondence carried on between students in France, who are learning English, and students in Pikeville College, who are learning French. This educational letter exchange is authorized by the United States Government and by the French Ministry of Education as a potent factor for world peace. It has introduced Pikeville and our college to many students in France and in her provinces, while the letters we receive with their wealth of inclosures—pictures, music, clippings, programs, stamps, and other *realia*—help us to gain an inner view of French thought that cannot be obtained from books.

From time to time French programs are given in chapel. In our repertoire this year were "L'Anniversaire d'Or de la Statue de la Liberté," "Des Noël's," et "Mardi Gras." Moreover, we had the pleasure of hearing the reminiscences of a genuine Frenchman's "Joyeux Noël" et "*Le Jour de l'An*" as observed in his own home in France. His praise in chapel of "our remarkably good Parisian accent" was responsible for our numbers on the Bon Voyage party given by Miss Houston and Miss Owens.

Our sound-movie on "Ocean Liners" initiated a club project which culminated in the actual building of the model of the Queen Mary. This was duly presented to the Principal of the Academy and installed in its niche in the library.

Film-travelogues increased our enjoyment of New Orleans, Hawaii, Bretagne, and Paris, while cinemas, bon-bons, dates, et que *sais-je* enlivened our parties and hikes.

The members of Les Portes Flambeaux say "Au revoir" as they come to graduation with a "Vive la France."

LE CERCLE FRANCAIS

Le Cercle français a joui d'une année très animée de soirées musicales et littéraires. A Noël on a construit une crèche dans la chapelle d'après la tradition des cathédrales en France. On a fait de son mieux de goûter la célèbre cuisine française et a préparé et servi un dîner à la française. Nous espérons toujours faire un rapprochement plus grand entre nous et la belle France.

DER DEUTSCHE VEREIN

Heil Deutschland! Durch die kalte frische Luft hoerte man die froelichen Melodien der deutschen weihnachtslieder. So begannen die studenten wirkliche Deutsche zu sein. Einmal sind sie ins Schulkino gegangen, um Bilder von dem schoenen Rheinlande zu sehen.

Sie hatten auch einige Feiern, wo Geschichten erzaeht wurden, wo deutsche Volkslieder gesungen wurden, und wo wirklich Kuchen serviert wurden. Das Ziel dieser Studenten ist eine bessere Wissenschaft des deutschen Landes zu bekommen, dessen Sprache und Literatur sie studieren.

ALPHA RAY SCIENCE CLUB

The Alpha Ray Science Club of Pikeville College was organized in 1934 under the sponsorship of Mr. Hunt, head of the Science Department. Membership is restricted to those who have taken or are taking courses in science. The Club has grown rapidly since its organization and has attained a high place among the other clubs on the campus.

The Alpha Ray Science Club has as its object the discussion of current scientific discoveries and achievements. Programs are given by the club members and guest speakers are invited to speak to the Club on topics of interest. Socials, financed by dues paid by club members, are given during the year. The Alpha Ray Science Club is of immeasurable value in supplementing the scientific course.

Within the Department of Business Administration has been formed the College Commercial Club, the purpose of which is to foster better fellowship among the students of that department, and in a limited way to carry on extra social activities. Business plays are given, business manners studied and practiced, and many kinds of lunches are served after guest speakers have helped with the programs. High scholarship is stressed, and initiation into the Club is gained only after satisfactory grades have been made.

Most students in this club are interested in becoming typists, stenographers, secretaries, salesmen, bankers, accountants, and specialized clerks.

HISTORY CLUB

The History Club was organized in November, 1936. Its purpose was to bring together those interested in history, and to afford them opportunities for work not included in regular courses. It has as an aim the collection of historical documents which relate to the development of the Big Sandy Valley and the adjacent territories.

ATHLETICS

COACH W. N. CUSIC

Coach W. N. Cusic came to Pikeville College in September, 1936. For the preceding six years he had been coach and athletic director at Stanford High School, where he piled up a cage record excelled by few.

One of the outstanding characteristics of Coach Cusic's method is that he seeks to make of his athletes leaders and gentlemen rather than just basketball players. Starting under the handicap of having only one regular left from last year's squad, Cusic developed a quintet that upheld all requirements that past teams had set. He developed a spirit that did not weaken throughout the season, a spirit not of victory, but of good playing and good sportsmanship. His record for this year has more than pleased the followers of the Bears. The HIGHLANDER readers of 1937 wish him and his teams success and luck in the years to come.

ALMA MATER

*Gather 'round, ye loyal schoolmates, lift each voice till echoes ring;
Loudly praise our Alma Mater, 'tis of Pikeville C. we sing,
And in deepest care or sorrow, should we pause to think of thee,
Strong in our hearts once more, as in days of yore,
When we sing of our loyalty.*

*Orange and Black, we hail thee, ever thy praises sing;
Oh, see our colors that stand for honor, and to us victory bring.
Orange and Black forever, we hail thee far and near,
On the field or in the hall, we will answer the call,
For we love thee, our College dear.*

CHEERLEADERS

*Here's to Mary Jane, Martha, and Lucille;
They lead some cheers that are quite real.
When they step out upon the floor
You ought to hear the side lines roar;
For then the BEARS begin to play;
That's when they really take the day.*

Mary Jane Smith, Martha Eubank, Lucille Bishop

T H O S E C O L L E G E B E A R S

JASON GILLILAND . . . Jason scored more points than any other player on the squad. He will be remembered by many as one of the best players to represent the Bears in many years

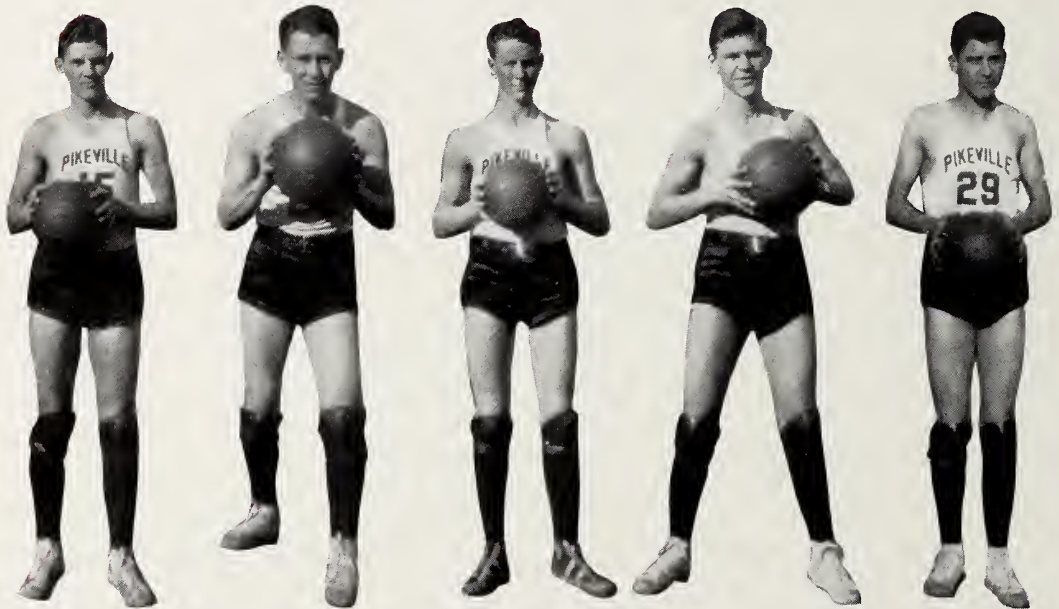

HAROLD LUSBY . . . "Tip," who finished the season with the second highest scoring average, proved to us that size is not the main factor in basketball.

SHIRLEY BLANKENSHIP . . . "Big Boy" came out for the team late in the season,

but in time to show us that plenty will be expected of him next year.

MORRIS ARNOLD . . . "Two Point Arnold" won his laurels near the end of the season. He can score two points whenever called into the game.

JASPER GILLILAND . . . "Jap," younger and smaller of the brothers, is one of the most consistent players on the team. His ability to use "the left hand" added many points to the team scores.

Jason Gilliland, Harold Lusby, Shirley Blankenship, Morris Arnold, Jasper Gilliland

T H O S E C O L L E G E B E A R S

OTTO FRAZIER . . . Although not a high scoring man, Otto has the reputation of being the most consistent player and best guard on the team.

ROBERT POE . . . Poe, the man with the "million dollar physique," although not discovered until late in the season, proved to be very valuable to the team.

OLIVER ELAM . . . Elam hails from Beaver Creek. With his speed and endurance, he promises to be a star player before his days in Pikeville College are ended.

FOREST NEWSOME . . . One of the tallest men on the team, Forest can always be depended on to do his part when called into action.

BOBBIE TAYLOR . . . To Bobbie, our modest manager and announcer, we give our apology for not being able to recognize him as a basketeer. When forced into the last game of the season, with the use of his keen eye and speed, he was able to register eight points. We will readily recommend him to any institution of higher learning as a good manager, announcer, and player.

Jack Salisbury: Don't you think Wordsworth was right when he said, "Heaven lies about us in our infancy"?

Marshall Daniel: Sure, but he forgot to add that everybody lies about us in our maturity.

* * *

Miss Lumbard: Are there any questions about the music or the composers discussed in today's lesson?

Agnes Daniels: Yes. Who wrote Mozart's Minuet?

* * *

J. P. Jarrett: The Wickham Hall showers have been disconnected for a month!

Luther: Why hasn't somebody fixed them?

J. P.: Nobody's found out about it yet.

* * *

Cotton: When I was younger I wanted to be a soldier, but now I've decided to be a doctor.

Mary Frances: Such is life. Many a man with wholesale ambitions has to content himself with a retail business.

* * *

Russel Compton thinks there must have been a terrible depression when even the church and state leaders had to go on a Diet of Worms.

Auctioneer: What am I offered for this bust of Robert Burns?

Mr. Davis: That isn't Burns; that's Shakespeare.

Auctioneer: The joke's on me. That shows what I know about the Bible.

* * *

She (as he placed the ring on her finger): I hope this isn't a cheap imitation.

He: No, it's the most expensive one I could find.

* * *

Rupe: Don't you get tired of jokes about the tightness of Scotchmen?

Alex: No, they don't cost us anything.

* * *

Viola: Guess what insect I am describing. It belongs to the Social Order.

Brookie: Why, I don't know.

Viola: It reminds me of you sometimes.

Brookie: Oh! is it the Kissing Bug?

He took her in his arms.

"Oh, darling," he murmured, "I love you so. Please say you'll be mine. I'm not rich like Percival Brown. I haven't a car or a fine house, or a big bank account, but, darling, I love you."

Two soft arms stole around his neck, and two lips whispered in his ear, "I love you, too, dear; but what is this man Brown's address?"

Bruce: I suppose you dance?

Madge: Oh, yes, I love to.

Bruce: Swell; that's better than dancing.

Mr. Koenig (in psychology class):

How long can you live without brains?

Bobby Vass: Only time will tell.

* * *

Mrs. Ed.: How do you find the steak, Jackson?

Jackson: Easy—but then I'm a whiz at hunt-the-thimble.

* * *

Maude: Did you see "Champagne Waltz"?

Darsie: No, I don't know him.

Maude: It's a movie, you simp! Well, I'll try again. Have you seen Everett Stepp lately?

Darsie: Is that a movie, too?
